

LIST OF FULL QUALIFICATIONS

Name of the course	NQF	No of Credits	SAQA ID	About the course
National Certificate: Plant Production	2	120	48975	A learner assessed against this qualification will have the necessary competence to participate as part of a working team, performing the agricultural processes as applicable to Plant production in a closely defined context and under close supervision. Cost: R 17 000.00/learner Minimum : 15 Learners Duration: 12 Weeks
National Certificate: Plant Production	3	120		The learner will be able to take responsible decisions within a limited range based on a sound understanding of the basic principles of agri-business and good agricultural practices, in meeting the set objectives and targets within the broader farm plan which includes the economical application of general resources, agricultural production and technical knowledge and skills, all in an Plant Production context. Cost: R 19 000.00/learner Minimum : 15 Learners Duration: 12 Weeks
National Certificate : Animal Production	2	120	48976	A learner assessed against this qualification will have the necessary competence to participate as part of a working team, performing the agricultural processes as applicable to animal production in an established and familiar context under general supervision. Cost: R 17 000.00/learner Minimum : 15 Learners Duration: 12 Weeks
National Certificate : Animal Production	3	120	49048	A learner assessed as competent against this qualification will have the necessary competence to supervise and lead a working team performing the agricultural processes as applicable to animal husbandry Cost: R 19 000.00 Minimum : 15 Learners Duration: 12 Weeks

National Certificate : Mixed Farming Systems	2	120	48977	<p>A learner assessed against this qualification will have the necessary competence to participate as part of a working team, performing the agricultural processes as applicable to both Plant- and Animal Production in an established and familiar context under general supervision.</p> <p>Cost: R 17 000.00 Minimum : 15 Learners Duration: 12 Weeks</p>

LIST OF SHORT SKILLS PROGRAMMES

NB: Courses Excludes Travelling and Accommodation Costs

for facilitator Travel: R3.98 / Km

Accommodation: Varies depending on the Area

Name of the course	NQF	No of Credits	SA QA ID	About the course
Store and control agrochemical products effectively and responsibly	2	4	116065	A person achieving this unit standard will be able to receive, store and issue agrochemical products in a safe, secure and responsible manner. Furthermore, the person will be able to deal with emergencies related to the storage of agrochemicals. Cost : R 998.00 Minimum of 4 Leaners Duration: 2 Days
Control pests, diseases and weeds on all crops effectively and responsibly	2	2	116124	A learner achieving this unit standard will be able to recognize common insects, disease symptoms and weeds and apply basic control measures as per agricultural enterprise. Cost : R 550.00 Minimum of 10 Leaners Duration: 1 Day
Apply plant manipulation methods	2	4	116128	A learner achieving this unit standard will be able to train (manipulate) plants by applying a narrow range of techniques, as well as providing limited guidance to others. This unit standard builds on the learner's skills and capacity to apply plant manipulation in a production environment and use this to contribute towards to overall productivity of a production enterprise by maximizing growth and yield Cost : R 895.00 Minimum of 5 Leaners Duration: 2 Days
Demonstrate an understanding of plant propagation	2	3	116119	Learners will gain specific knowledge and skills in plant propagation and will be able to operate in a plant production environment implementing sustainable and economically viable production principles. Cost : R 576.00 Minimum of 10 Leaners Duration: 1 Day

Harvest agricultural crops: Procedures	2	4	11611 1	A learner achieving this unit standard will be able to harvest crops according to basic procedures making use of basic harvesting tools. Cost : R 895.00 Minimum of 10 Leaners Duration: 2 Days
--	---	---	------------	---

Monitor the establishment of a crop	2	4	11607 9	A learner achieving this unit standard will be able to plant a range of crops and monitor the correct establishment of crops as well as ensuring that planting is placed and spaced as required. Cost : R 895.00 Minimum of 10 Leaners Duration: 2 Days
Monitor water quality	2	3	11607 7	The learner achieving this unit standard will be able to demonstrate an understanding of the importance of water quality to agriculture and to monitor and maintain water quality using established procedures Cost : R 576.00 Minimum of 10 Leaners Duration: 1 Day
Operate and maintain specific irrigation systems	2	3	11606 6	A learner achieving this Unit Standard will be able to, under supervision, efficiently irrigate a variety of crops, using a specific type of irrigation system. He will also be able to carry out relevant basic operational and maintenance procedures. Cost : R 576.00 Per Learner Minimum of 15 Leaners Duration: 1 Day
Understand basic soil fertility and plant nutrition	2	5	11605 3	A learner achieving this unit standard will be able to apply basic soil nutrient preparations in a safe, effective and responsible manner for the benefit of plant/crop growth with consideration to the environment. Cost : R 1100.00 Minimum of 10 Leaners Duration: 2 Days
Utilise and perform minor repair and maintenance tasks on implements, equipment and infrastructure	2	5	11606 0	Competent learners will be fully conversant with agricultural regulations and aspects of safety to ensure the application of quality practices and thus strengthen agricultural practices in general. Cost : R 1100.00 Minimum of 10 Leaners Duration: 2 Days
Harvesting	2	4	11611 4	A qualified learner assessed as competent against this unit standard will be able to implement sustainable natural flora harvesting practices in an agricultural environment. Cost : R 895.00 Minimum of 15 Leaners Duration: 2 Days
Tractor Driving	2	10	11606 8	The learner will be able to identify and solve problems during the process of driving a tractor. Cost: R 1150.00 Minimum of 4 Learners Duration: 3 Days
